Junior Summer Camp**

June - August 2026

**HELLO HOLA**  
**你好 Merhaba**  
**Olá こんにちは**  
**Salut Ciao**

For several years, our Junior Summer Camp has been a resounding success, bringing groups of students from around the world together for a rich mix of communicative English classes, engaging activities, collaborative project work, and exciting excursions.

The programme starts every Monday, with lessons running from Tuesday to Friday. These lessons follow a topic-based syllabus, designed to keep students motivated and engaged, blending language input with communicative activities that focus on fluency and confidence.

Using interactive methods such as videos, games, and role plays, students gain practical language skills while having fun. Weekend excursions to iconic UK destinations further enrich the experience, giving students cultural insights and unforgettable memories. By the end of the course, participants show significant improvement in their English skills, fluency, and confidence.
